Engineering Technology  
Malwaththawala centralcollege  
(2017-2019)

## About Me

I am a dedicated undergraduate student at the Faculty of Technology, Rajarata University of Sri Lanka, with a strong foundation in programming, algorithms, and software engineering principles. Specializing in full-stack web development, I have hands-on experience in building dynamic web applications and interactive user interfaces. I am proficient in technologies such as HTML5, CSS, JavaScript, python, and MySQL, and I am skilled in managing projects and client relationships effectively.

## Projects

### Academic Project Management system

Second year project ,Using Node js, React js, Express js and MongoDB; Generate student marksheets, Track student progress efficiently, Mentor adding, grade suggestion machine learning model

### Student regitration web application

Full-stack web application: Frontend with HTML, CSS, and JavaScript; backend with Flask.

### Quiz application

Full-stack Java with Netbeans

### E- book web application

Full-stack web application: Frontend with HTML, CSS, and JavaScript; backend with Flask.

## Technical Skills

### • Programming Languages

Python, JavaScript

### • Frameworks

Flask

### • Back-end Development

python

### • Databases

MySQL

### • Other tools

Figma UI design, Netbeans

## Soft Skills

---

- Time Management
- Teamwork Problem Solving
- Active Listening
- Ability to work under pressure
- OOP concepts

## Interests

---

- Web Application Development
- Robotics
- User Interface (UI) Design

## My Certifications

---

- Python and .Flask Framework complete course ( Udemy)

## Extra-Curricular Activities

---

- Member of Robotic Society of Technology (ROST)  
Rajarata University of Sri Lanka (2023 to Present)
- Member of Association of Technology IT (ATIT)  
Rajarata University of Sri Lanka (2023 to Present)
